

Nyah-trip to Chile-Pirque: Nyahbinghi Heart.

I start moving from babylon Argentina in the direction of the Nyahbinghi Tabernacle of Chile. As the landscape is changing in shape and color, I penetrate and excavate within the roots that have made me finally move. And I repeat to myself those I-tal and powerful words that generate my movement: the Nyahbinghi Tabernacle of Chile. Now with every new kilometer my Ancient Nyahbinghi house appears more and more real; and every one of the nyah-I-cept comes slowly to the heart: InI fight has never been against the body but it has been a spiritual battle against every evil conception. And I repeat 1, 2: the Nyahbinghi Order fight armed with triumphal chants for the everlasting victory of Good over evil, always with the word sound-power. And the words of InI Precious Elders are even more powerful when they say: Get up Rasta! Enter into the house of JAH! Get up! Leave out all the past and present tribulation and come to sing: Burn down babylon!

Celebration of the Ethiopian Genna , 7th January.

Numerous Brothers and Sistrens congregate for this divine day; several tents are erected on the Tabernacle ground, as the Lions and Lionesses reach. Each JAH-family is with their JAH-children who are very excited, happy and conscious of the day of Nyahbinghi celebration.

In the same way, in the four corners of the world, InI Royal family is preparing to give I-ses for a new Ethiopian Genna. In Pirque this ancient African tradition also begins at nightfall on January 6th as the FIRE-KEY is ignited accompanied by the recitation of the sacred psalms. Then the first heart- beat produces rainbows and the congregation begins to chant [Spanish versions of InI ancestral Nyahbinghi](#). Purifying Fire burns incessantly until the first rays of daylight!

In addition the construction of a Tabernacle in South Latin America is powerfully prophetic. Just by remembering that this is the same place where [InI Hon. and Precious Patriarch and Matriarch arrived on 2006!](#) InI Roots that have come to grow the Black seeds of Ethiopia, the land where InI Beloved and Almighty Father loves to be! InI Ivine Majesty Haile Selassie I, the head and Rock of the Nyahbinghi Order! So from this blessed place, the southernmost Nyahbinghi ground of the planet, emanates the earthquake, the JAH-light and the JAH-fire! More thunders, more fire and more rainbows are spread, when InI ancestral African roots seal their bond with this southern region! Is it not Royal and virtuous then that in this region of South Latin America the house of JAH God sits majestically?

Nyahbinghi Tabernacle: Rasta Activities.

The [Nyahbinghi Tabernacle of Chile](#) has been the foundation for full development of the Incient livity of Rastafari. From here it has led to, among other things, organic agriculture, and its vegetable garden has been planted and harvested by the members of the Committee for Agriculture, together with the JAH-children. A really virtuous and blessed work because Rasta loves the Earth, and the origin of Rasta is from agriculturalists working the Earth lovingly, waiting for Mother Iration to produce according to her natural laws of creation. Rasta loves and respects the Earth because it is the source of life of all living beings!

Another of the developed activities is the "Dominical Rastafari School for the JAH-children". It is held on some Sundays from 3 to 7 p.m. Here the princes and princesses are taught things like:

1. To chant and play Nyahbinghi.

2. To plant seed and to harvest: they are growing butter beans, watermelons, tomatoes, corn cobs, marrow and pumpkin.

3. Education and meditation on passages of the Bible and questions on livity along with the development of artistic and craft activities.

It has also been noticed that Respect for older brothers and sisters has been planted in each of the Jah-children, as also they give thanks naturally for all their food, and recognize and Respect the Imperial colors of Ethiopia and most importantly they know, love and Respect with all their heart JAH Rastafari.

Another activity that happens in the Tabernacle is the "Sabbath School" which takes place each Sabbath from 9 a.m. This activity starts with some chants and follows with I-tations about different passages from the Bible selected by the Nyahbinghi Priest. After this part of the Sabbath School, a Brother who is in charge selects and opens an I-tation on powerful speeches of his Imperial Majesty Emperor Haile Selassie I the First.

Some conclusions from the InI experience.

Each of the battles fought for the construction of the Tabernacle in Chile has been edifying and virtuous.

The heart and the ground of Pirque is naturally for warriors no matter how many traps babylon sets, or their constant stalking, arrests and talking. So of what can InI be afraid when the Shield, Head and Rock of the Tabernacle is the Lion of Judah Haile Selassie I JAH Rastafari I? How can I not give thanks and praises to Abbaba Janhoy for seeing with my own eyes this Nyahbinghi Tabernacle?

And why not give more I-ses to JAH because despite the past and present difficulties, like the economic trouble or the decreasing participation of brothers and sistrens, or the inconvenience of finishing the construction; anyway our Nyahbinghi Priest and the same Warrior Lions and Lionesses that from the beginning have been firm, they continue battling firmly and strongly like a tree planted near the banks of the river, which never, never will be removed or fall down, because its roots are strong and the ground where it grows and settles down, is fertile and fruitful!

Because of this, all the battles fought for the building of the Tabernacle have been and will be very powerful. Nothing of all the JAH-work made, any woodwork that has been built, hasn't been achieved through "miraculous" act but it has needed effort, steadfastness, perseverance, and straight and full acceptance of JAH will. Furthermore, this work hasn't been in vain or fruitless even with each of the difficult battles. Just looking at the JAH-children in the blessed Tabernacle and see each of them growing day by day in Rastafari, any past, present and future tribulation is fully expected and accepted with the Nyahbinghi fire.

The root of InI house is already planted, its walls are rising, its fruits growing and the water swamping its way through the fertile land of Pirque. Selah!, always through to power of the King of Kings and Lord of Lords, Conquering Lion of the Tribe of Judah, InI Divine Majesty Emperor Haile Selassie I, JAH Rastafari, First Ancient King of Creation, Alpha and Omega, the Beginning without End, Light of this World and Ruler of the universe! Selah!

One Perfect Love!

One Aim, One Destiny!

One Black Nation, Ityopya!
