

QADAMAWI HAILE SELASSIE IS FOR IVER

Perfect love and harmony in the house of Jah Rastafari, and Empress Menen

It is always good to hold a good vibe as I prepare for the 117TH earth strong of Qadamawi Haile Selassie on the 23rd July 2009

It is written that many rebellious University students yelled in 1974 that the old man must go along, they along with other disgruntled members of the Ethiopian population, joined forces with the now disgraced Dergue led by Mengistu Haile Miriam

From 1974 to 1991, Mengistu's "Dergue" regime was responsible for human rights violations on a massive scale. Tens of thousands of Ethiopians were tortured, murdered or "disappeared." Tens of thousands of people were also killed as a result of humanitarian law violations committed during Ethiopia's many internal armed conflicts. Many others, perhaps more than 100,000, died as a result of forced relocations ordered by the Mengistu regime. These violations are documented in Human Rights Watch's 1991 book-length report *Evil Days: 30 Years of War and Famine in Ethiopia*.

The Revolution of 1974 brought out the demons in Ethiopian Society, people who for decades had prostrated themselves before the emperor began to show their true colours and intent.

Rastafari now chant "They know not the almighty Jah Rastafari neither will they Iverstand, they walk in darkness, all the foundations of the earth are out of course. I have said Ye are Rasses and all of you are children of the Most High Jah Rastafari. But you shall die like men and fall like one of the princes. Arise O'Jah Rastafari and judge the earth, for thou shall inherit all the nations –"Psalm 82 –The I sight the levels.

The fact that I have never lost faith, trust nor confidence in the divine presence of Qadamawi Haile Selassie, the incoming generation will be always be reminded of the Itributions of His Majesty to World Affairs, International Morality and African Liberation.

Qadamawi Haile is known as architect of modern Ethiopia, besides seeing himself as the father of the nation, Haile Selassie viewed himself as the embodiment of Ethiopia's proud sovereignty and independence.

During 1920s and 1930s he busily modernized and centralized the government through the introduction of uniform administration and legal structures with the appointment of a newly educated elite to the position of authority in Addis Ababa and in the provinces. He later reformed and re-equipped the Ethiopian army and police by up to date training and weaponry.

Working with the aristocracy, foreign merchants, indigenious traders and government bureaucracy, Haile Selassie created an export economy to provide revenues for development. For many years Haile Selassie was the Minister of Education and chairman of the intergovernmental Board of Education. He has a special place in his heart for students at all levels. He visited their schools, he sampled the food

they ate, he gave them gifts of clothing and fruit He questioned them about their studies and spoke to them about the importance of their education for the nation and for himself as their monarch.

InI have set many reasoning on matters concerning the livity of Rastafari and the way forward-know that Qadamawi Haile Selassie had set the living example for Rastafari governance, the Theocracy Government that the Incient fathers have spoken of must be made practical. It will take more than chanting to bring this into reality –seen Fiya Ingel !

Let's a day be set aside during the upcoming the 117th Earth day Anniversary of His Majesty Haile Selassie to celebrate Rastafari achievements to date and set plans for the future. During Ises most Rastafari of like mind congregate as such this opportunity should not be missed to engage in useful discussions which would bring forth an uplift into Rastafari affairs and governance. If you are unable to attend an Ises, work with those close by and set achievable goals.

Where ever you may be, over land and sea, whatever ever colour or creed, don't fool your self –Know that that One Qadamawi Haile Selassie for InI all –

So burn the illusion and fantasies, Rastafari is a livity made practical –This livity must bring forth prosperity through
