Greetings,

INI of the [Word Sound Power Collective](#) are writing this letter to provide our support for maintaining the cultural heritage of the Ethiopia Train Station.

The Word Sound Power Collective is livicated to strengthening and supporting Rastafari Elders, both Matriarchs and Patriarchs. The vision of the WSPC is to fulfill the Nyahbinghi Creed: Let the hungry be fed, the naked clothed, the sick nourished, the aged protected and the infants cared for. The main purpose of this Collective is to manifest positive works for the welfare and upliftment of Rastafari Ancients around the world. The Word Sound Power Collective is made up of Rastafari bredren and sistren from all around the world.

The [petition](#) to preserve the cultural heritage of the Ethiopia Train Station came to our attention through our works with the global Rastafari Family. Haile Selassie I's travels are testament to his universal vision. Haile Selassie I said, "We must become members of a new race, overcoming petty prejudice, owing our ultimate allegiance not to nations but to our fellow men within the human community." It is in this spirit that we offer support for this petition. The Ethiopia train station is a cultural landmark for both the citizens of Mexico as well as the citizens of the world.

Haile Selassie First bless and keep,
