Perfect love and blessings in the house of Jah Rastafari and Empress Menen

'In the mystic traditions of different religions, we have remarkable unity of spirit; whatever religion they may profess they are spiritual kinsmen. While the different religions in their historic forms binds us to limited groups and militate against the development of loyalty to the world community, the mystics have already stood for the fellowship of mankind ...in harmony with the spirit of the mystics of ages gone by"-Utterance of Qadamawi Haile Selassie

"Much of the problem with Rastas following the EOTC lies with the many ways in which Rastafari regard the Emperor, and Rastafari leaders have long been divided. While some say Haile Selassie is God incarnate, others believe he is the reincarnation of Jesus. Some say he is a metaphor for God, yet others see him strictly as a man worthy of respect. Bob Marley himself wrestled with the definition of his faith. As reggae archivist Roger Steffens writes: **"Marley would say to the proclaimed leaders of Rastafari: 'Everywhere I go in the world today, people ask me to explain the doctrine. If you guys can't come to any general conclusion among yourselves, how am I supposed to put this idea forth to the world?'"**

Quote from an international Rastafari Journalist.

Many ones are still puzzled about the livity of Rastafari, however many things are already clear to those who have ears to hear and eyes to see. The Nyah Binghi man sey 'in whatever way the I sight Qadamawi Haile Selassie, the I will be given a similar reward, always remember that religion is personal and the state is for all.

Never forget that innocent Africans were enslaved by Biblical indoctrination .In this day and age, cultural bandits are still on the rise therefore InI owe no obligation to tell anyone who Rastafari is, InI do it out of freewill for those who are willing to learn.

The EOTC have their ways set and InI have no quarrel with them –InI abide by the word sound of Qadamawi Haile Selassie, who stated that' the Ethiopians and Jamaicans are blood brothers and one should leave the Rasta because they know what they are doing.'

Human diversity is present throughout life, however Rastafari carries the mystic trod that continuously unfolds –many will miss the boat and sink in illusion and fantasy.

For Bobo Shanti the leader is Prince Emmanuel, for 12 Tribes the Prophet Gad, for the Nyah Binghi Qadamawi Haile Selassie, non before, non after –The I sight the levels

The Nyah Binghi has no time to fuss with either 12 Tribes or Bobo Shanti –these are crucial times. This is the advent of the commercial Dreadlocks, Babylon is still at its old tricks, the camp is being invaded –Are you not aware?

The rehabilitation machinery is in full gear and many have been given the welcome mat to the doors of society –What Society?--What a woe in a Babylon! Pan African-Or Perish! Raise the emblem of African Liberation either mental or physical,  
Make the utterance of Qadamawi Haile Selassie your guiding light for better overstanding and governance – No time to sit and twiddle our thumbs, It is said that “Africa is burning and the black man is doing the freak”. There are many political prisoners in Africa, including the land of Ethiopia; many hopes will be dashed as African Tyrants rise under neo-colonialism -How will InI resolve these matters?

The only positive change that will be brought about in the society is when InI collectively rise up to make it. The one love generation have to get their acts together, the struggle for survival and racial harmony is a goal we must achieve.

Bob Marley was guided by the wise mind of Qadamawi Haile Selassie, and Rastafari Incients, his life is an open book, he was the ‘Tuff Gong”, one of the forerunners for Rastafari uprising and consciousness.

The livity of Rastafari is not of religious rits and rites -So many are trying to Christianize InI –The memory of slavery and oppression is within InI DNA -,too much hypocrisy in the name of Jesus – InI will not be tempted nor fooled –seen Fiya!
