Greetings

In the name of the Most High Emperor Haile Selassie 1st. King of Kings, Lord of Lords, Conquering Lion of Judah and his Iloved wife Empress Menen.

During the 78th Coronation Ises at the Pitfour Nyahbinghi Centre on the 2nd of November in Montego Bay, when the re-enactment of the Coronation was taking place, an unusual sighting was observed by ones standing outside the tabernacle, who with excitement and anxiety, alerted ones inside while trying not to disturb the procedure, but those who were partakers of the re-enactment could not leave their duty to see this marvelous sight.

It was a clear, bright sunny day and a semi- circular rainbow (some say it was a full circle), was seen nestled above the tabernacle with the color red at the bottom, gold in the middle and green on the top. This was said to be quite unusual as all who saw it had never before seen a rainbow arched up and not down. There was no doubt in the minds of all who were gathered that the presence of His Majesty was there.

The Nyahbinghi Order takes great joy in presenting this to our brothers and sisters so they too can share this mystical experience that was given on that great day, the 78th Anniversary of the Crowning of His and Her Majesties

One Perfect Love.

Ras Sasse
